General catalogue (Section A) - Storage order picking transport containers

The General Catalogue 2010 is divided into 10 sections:

- Storage order picking transport containers (Section A)
- Modular shelving (Section B)
- Longspan racking (Section C)
- Pallet racking (Section D)
- Cantilever racking (Section E)
- Mezzanine platforms (Section F)
- Materials on-line, live storage (Section G)
- Workshop, production equipment (Section H)
- Automated storage systems (Section I)
- Office systems, waste management, index of products, worldwide schaefer group (Section J)

Tags: pallet racking, storage systems, longspan shelving, cantilever racking, mezzanines, live storage, automated storage, office furniture, waste management, index,

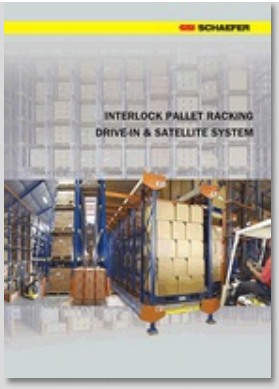
Schaefer New Drive-in & Satellite Systems

SDI offers maximum storage capacity using minimum amount of space, Satellite System is the perfect compliment to SDI with its versatile and highly effective feature in reducing handling time.

Tags: pallets, drive-through racking, handling, remote operation, racking systems, storage.



Order

Download

Schaefer Orbiter System

High density storage system designed to excessively increase storage space and capacity by using Radio Frequency controlled orbiters. It's operated in either FILO or FIFO modes.

Tags: storage system, docking station, orbiters, rack stacking, storage, pallet sensor, retrieval, radio frequency control

Order

Download

Mobile Racking Systems

Comprises of individual racks mounted on mobile bases, the system increase storage capacity by over 100% of the conventional static racks without loss of selectivity.

Tags: pallet racking, mobile bases, mobile pallet, storage system, racking design, mobile racking systems.

Order

Download

LongSpan 600 Shelving & Mesh Decking

Designed for all medium-duty warehouse application, LS600 systems is intended for hand loaded storage method, where products stored is placed onto the beams or shelves, and picked from them manually.

Tags: shelving system, storage, ls600 system, decking, material handling, warehouse, mesh, decking
